Councilwoman Jane Bonner and Chief Deputy Parks Commissioner Tom Owens join 2nd grade students from Wading River Elementary School at the Wading River Duck Pond to install a "Do Not Feed the Ducks" sign.

Farmingville, NY - On June 10, Councilwoman Jane Bonner met with four 2nd grade classes from the Wading River Elementary School at the Wading River Duck Ponds to celebrate the installation of a "Do Not Feed the Ducks" sign. The students from Mrs. Steinbrecher's class sent letters to Councilwoman Bonner's office requesting the sign to be installed after learning about angel wings and other aquatic diseases, and how leftover food will attract rodents and other animals that can create more pollution in the water.

"I am so happy to see that the students care so much about helping the animals and protecting the environment of their community," said Councilwoman Bonner. "It was a pleasure to help these students get the sign installed. It's also a good lesson to the students, that if you really want to get something done, all you have to do is ask."
